۴	<p style="text-align: right;">متن زیر را بخوانید و به سؤالات داده شده در هر قسمت پاسخ دهید.</p> <p>Elderly people have to deal with the problems of aging, especially those related to health and income. Health-related issues commonly include normal losses of hearing, eyesight and memory. In addition, the elderly run a high risk of developing some serious illnesses such as kidney problem, stomach cancer, diabetes, and heart disease. While some people do not experience these issues until very old age, a lot of them learn to find a way to live with the limitations caused by health problems. Nowadays, elderly people receive better medical care during their lives as most governments have national health plans for them.</p> <p>Income, as another important problem, has also influenced the way the elderly live. Most of these people are retired and do not work anymore. They usually earn about half the money that working people make. As a result, they may face various economic issues. This makes the situation even more difficult for those who do not have suitable houses, have no access to means of transportation and not receive social services. Something needs to be done to improve their condition so that they feel more hopeful about the future. They will find it difficult to keep their social relationships. Providing better medical care and meeting their money-related needs will help them live a happy life.</p> <p><b>True / False</b></p> <p>46) National health plans offer the elderly better medical care. True <input type="checkbox"/> False <input type="checkbox"/></p> <p>47) Keeping social relationships is hard in old age. True <input type="checkbox"/> False <input type="checkbox"/></p>	۱۴
